THE QUESTIONS COCC SUGGESTS YOU ASK, ANSWERED

"Who's the ideal person?"

A curious troubleshooter who explains things clearly. Great for CIS, IT, networking, and CS students. Certs (A+, Network+, CCNA, Trailhead) are a plus, not required.

"How soon are you filling roles?"

Now, on a rolling basis.

"What training will I get?"

Structured mentoring: shadow first, then own your tickets and projects with an engineer backing you up.

"What's the next step?"

Scan the code and send your resume, plus any certifications, Trailhead profile, or GitHub. We'll follow up.

What you'll walk away with: Mentorship from working engineers · Real tickets and projects · Certification-ready skills
